IMPORTANT INFORMATION FOR PARENTS

Within thirty (30) days of your child's enrollment, Florida law requires you to provide Christian Life Academy with two very important documents which verify your child's health status. **The medical records are your property and should be returned to you whenever you withdraw your child from childcare.**

1. **Physical Examination** – each child must have a valid health examination certificate. (Student Health Examination Form). The certificate must be signed by an authorized medical professional and is valid for two years from the date the physical examinations was conducted.
2. **Current Florida Certificate of Immunization** – Florida law requires that your child's immunization information be written on a large blue card called a "680" form. This certificate must be signed by an authorized medical professional and document the expiration date.

Both of these forms are available from your pediatrician, family doctor, or the local county health department. They are familiar with these forms and are aware parents must provide them to their child care provider.

These documents should have your child's name, date of birth, and an authorized medical professional's signature. The large blue immunization card (form 680) must have the immunization information and an expiration date. Make sure the immunization form is complete before you leave the doctor's office! As a parent, you have the right to receive correct, complete, and accurate information.

If you have recently moved here from another state, you will need to take your child's immunization record to a local pediatrician or county health department to be transferred to the required "680" form.

If you can't get an appointment with your doctor in time, the county health department can provide your child with the needed shots. Your county health department's contact information is:

Phone #: (239) 332-9601

You should be aware that Christian Life Academy can receive an administrative fine for failing to have this information. Even more importantly, they will be required to exclude your child from attending child care until these documents are received. Please cooperate with Christian Life Academy by obtaining these complete vital health records within the required time frames. Should you have any questions, please contact your local county health department or Christian Life Academy's director.

A legible copy or facsimile of a completed physical examination and DH-680 Certificate of Immunization are acceptable. However, the original documents are preferable.
